

# GUARDIANTRACK USER MANUAL

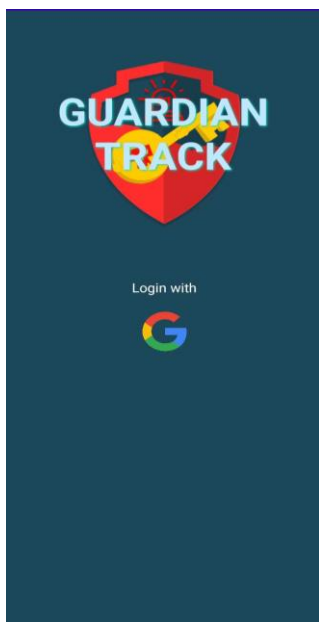

## Introduction:

Welcome to the User Manual for GuardianTrack. This manual is designed to provide you with a comprehensive understanding of how to navigate and utilize the features of our application effectively.

## Login:

To access GuardianTrack you will need to log in using your registered credentials (Google Account). Follow these steps to log in:

1. Open the GuardianTrack app
2. On the "Login with" section click google icon
3. Enter your credentials

If you encounter any issues while logging in, please make sure that you have entered the correct username and password. If you've forgotten your password, you can click on the "Forgot Password" link in google to reset it.

## Register:

If you're new to GuardianTrack you'll need to create an account. Here's how to register:

Step 3

Step 4

1. Open the GuardianTrack app
2. Login using google credentials (if already logged in skip step 2)
3. In the top-right corner click the three lines and a sidebar will appear
4. Click on the "Account"

5. Enter ID and Phone Number and click register button
6. Once registered you can now access the apps functionality

Note: The ID is unique and required. Each hardware consists with one ID registered in the DATABASE, if ID is not yet registered in the database you can not register in the app and cannot access its functionality

## Navigations:

Navigating through GuardianTrack is intuitive and user-friendly. Here are some tips for efficient navigation:

**Dashboard:** The home page is your central hub for accessing content and updates from hardware. You can also navigate to other two functionalities within the dashboard these functionalities are follows:

In Alarm Status, you can turn and off the functionality of the app, whether it will receive a data from hardware or not.

In Location Status, you will see the current location of the use and also the location of the vehicle, if alarm is on you will see here the pinned location of your vehicle.

**Menu Bar:** Use the menu bar located at the side of the screen to access different sections of the app such as your account, settings, and history, and notifications.
